August 4th, 2021

Per the updated Attorney General Guidelines, all Police Departments in New Jersey are required to post all officers who have received major discipline the prior calendar year in conjunction with overall Internal Affairs statistics, which is posted annually in the beginning of the following year.

For the year 2020, the Washington Township Police Department had no major discipline incidents. This statistic moving forward will be part of our annual Professional Standards Report, which is listed on the township website (<https://www.wtmorris.org>) under the Public Safety/Police Department section.

Thank you.

Chief Jeffrey Almer
